Greetings,

The GIS Department is pleased to announce the addition of a new aerial photo collection to our library. Visit the GIS Viewer (link) to access ortho (top-down) and oblique (side-view) images for 2024. You can also view the images without a map in this basic viewer (link).

After you get to the GIS Viewer, in the lower-left corner of the Map, click on the Basemaps button. It will pop out an options menu. Select Hybrid to overlay parcel and other real estate related boundaries or select Imagery to only show the image.

Jamie Petersen, GISP
