Agricultural Exemption From Zoning & Building Regulations

What is the "farm exemption" and what qualifies for the exemption?

The State of Iowa has given counties the authority to develop zoning regulations and to adopt building codes for their unincorporated areas. However, the State has declared that farms should be able to operate relatively free from local restrictions. This "right to farm" is contained in the following sections from the Code of Iowa:

335.2 Farms exempt.

Except to the extent required to implement section 335.27, no ordinance adopted under this chapter applies to land, farm houses, farm barns, farm outbuildings or other buildings or structures which are primarily adapted, by reason of nature and area, for use for agricultural purposes, while so used. However, the ordinances may apply to any structure, building, dam, obstruction, deposit or excavation in or on the flood plains of any river or stream.

331.304.3.b Farms exempt.

A county building code shall not apply to farm houses or other farm buildings which are primarily adapted for use for agricultural purposes, while so uses or under construction for that use.

NOTE: Some financial institutions may require a "Certificate of Occupancy" as part of mortgage financing. The County will only issue a Certificate of Occupancy if building permits have been issued, building codes have been adhered to and inspections performed. If your proposed dwelling is granted a farm exemption, no permits will be issued and no inspections are performed, therefore, the County WILL NOT ISSUE A CERTIFICATE OF OCCUPANCY. However, if you choose to apply for building permits, pay the required fees and have inspections performed, a Certificate of Occupancy can be granted provided the structures are constructed to the applicable codes.

Farm Exemption and related definitions from the Pottawattamie County, Iowa, Zoning Ordinance, Chapter 8.002-Definitions.

8.002.020.030 AGRICULTURE: The use of land for agricultural purposes including farming, dairying, pasturage, agriculture, apiculture, horticulture, floriculture, viticulture, aquatic farming, and animal and poultry husbandry, and the necessary accessory uses for packing, treating, or storing the produce; provided, however, that the operation of such accessory use shall be secondary to that of normal agricultural activities. If the tract of land is less than thirty-five (35) acres, it shall be presumed that the tract is not primarily used for agricultural purposes.

8.002.0070.040 FARM: A tract or area of land which is primarily used for agricultural purposes and the growing and production of all farm products thereon, and their storage on the area, or for the raising thereon of poultry or livestock.

8.02.70.50 FARMSTEAD: The buildings and adjacent service areas of a farm.

Please complete and submit a Farm Exemption Request Information Sheet. The Development Director will make a determination and inform you of the decision within 7 to 10 working days. Any appeal of the Director's decision must be made within 30 days of the date of the decision to the Zoning Board of Adjustment (for an appeal of a denial of the exemption from zoning) or to the Building Board of Appeals (for an appeal of a denial of the exemption from building regulations).

If your proposal qualifies for an agricultural exemption you will be notified in writing. Exemptions are applicable to a particular improvement only. If your proposal does not qualify for an agricultural exemption, county zoning and building regulations will apply.

EFFECTIVE MARCH 1, 2009 ALL AGRICULTURAL BUILDINGS AND DWELLINGS WILL BE REQUIRED TO OBTAIN ELECTRICAL PERMITS. EFFECTIVE JULY 1, 2009 AGRICULTURAL ELECTRICAL PERMITS WILL BE ISSUED AND INSPECTED BY THE STATE OF IOWA

State Electrical Division
